

### PRODUCT SPECIFICATION

Product:	Maltodextrin
HS code:	350510
Date of creation:	06-2018
Country of Origin:	China

**Ingredients:**                      **Specification:**

DE type:	10 – 12
Moisture:	Max 6 %
Solubility:	Min 98 %
pH:	4.0 – 6.0
Sulphuric acid ash:	Max 0.6 %
Iodine experiment:	Not change blue
Arsenic:	Max 0.5 mg/kg
Lead:	Max 0.5 mg/kg

**Physical Characteristics:**

Appearance:	Non-crystal powder with white or light yellow color, without the impurity that can be seen by eye.
Taste and odor:	No unusual odor and no sweet or light sweet, no stink, no unusual taste.

**Microbiological:**

Bacterium total:	Max 1000 cfu/g
E.coli:	Max 30 cfu/g
Pathogen:	Not detective

**Storage, Shelf life & packaging:**

Storage conditions:	Stored in room temperature.
Shelf life:	One year.
Packaging:	Designate, cleaned 25kg net kraft paper bag.

The user of the product is solely responsible for compliance with all laws and regulations applying to the use of the products.
