

## PRODUCT SPECIFICATION

Product:	Isolated Soy Protein 90 % (Injection)
HS code:	350400
Date of creation:	06-2018
Country of Origin:	China

**Ingredients:                      Specification:**

Protein (dry basis, Nx6.25):	≥ 90 %
Moisture:	≤ 7.0 %
Fat:	≤ 1.0 %
Ash (dry basis):	≤ 6.0 %
Crude Fiber (dry basis):	≤ 0.5 %
Particle Size (100mesh):	≥ 95 %

**Microbiological:**

Total Plate Count (CFU/g):	≤ 20 000
Coliform (MPN/100g):	≤ 30
Yeast & Moulds (CFU/g):	≤ 10
E.coli:	Negative
Salmonella:	Negative
Staphylococcus aureus:	Negative

**Storage, Shelf life & packaging:**

Storage conditions:	The product shall be stored carefully, protected from moisture, foreign odors and contaminants in its transportation, storage and application, as not to defeat its proper function.
Shelf life:	12 months under appropriate storage condition.
Packaging:	The product shall be conveyed in polyethylene lined CIQ-inspected kraft bags, packed in closed bacteria-free workshop which was built according to GMP standard to ensure the product quality. Packed in 20 kg/bag, 25kg/bag, or up to the buyer's request.

The user of the product is solely responsible for compliance with all laws and regulations applying to the use of the products.
